PROFESSIONAL SUMMARY

First-year Computer Science Engineering student at SRM University Delhi NCR, specializing in Artificial Intelligence and Machine Learning. Full-stack developer with hands-on experience building AI-powered applications and real-time collaborative systems using React.js, Next.js, Node.js, Python, and databases. Interested in software engineering, scalable applications, and AI-driven products. Seeking opportunities to apply technical skills through software development internships.

TECHNICAL SKILLS

Programming Languages: Python, SQL
Frontend Development: HTML, CSS, React.js, Next.js
Backend Development: Node.js, FastAPI, REST APIs, Socket.IO
Databases: MySQL, MongoDB, PostgreSQL, Supabase
Developer Tools: Git, GitHub, VS Code, Vercel

PROJECTS

Grillr — AI-Powered Mock Interview Platform

Live Demo | GitHub

Technologies: Next.js, React.js, TypeScript, FastAPI, PostgreSQL, Supabase, WebSockets

- Developed a full-stack AI interview platform supporting real-time voice-based mock interviews with adaptive, context-aware follow-up questions.
- Engineered a real-time speech pipeline integrating Speech-to-Text, LLM processing, and Text-to-Speech over WebSockets, including live interruption handling.
- Implemented role-specific interview modes covering Behavioral, Technical, System Design, and HR interviews, with resume- and job-description-based question generation.
- Built an evaluation engine to assess interview responses based on relevance, clarity, and technical accuracy.

SYNKRO — Real-Time Collaborative Workspace

Live Demo | GitHub

Technologies: JavaScript, React.js, Node.js, Socket.IO, MongoDB Atlas, Capacitor, PWA

- Developed a real-time collaborative workspace enabling teams to create and manage shared documents, notebooks, presentations, and spreadsheets.
- Implemented real-time synchronization using Socket.IO, supporting concurrent editing, online presence tracking, and revision history.
- Developed specialized editors featuring spreadsheet formulas, presentation themes, document formatting, and version restoration.
- Integrated Progressive Web App and Capacitor support for cross-platform accessibility.

EDUCATION

SRM University Delhi NCR 2026–2030
Bachelor of Technology (B.Tech), Computer Science and Engineering — Artificial Intelligence and Machine Learning

Darshan Academy 2026
Class XII

Dayanand Public School 2024
Class X
